**PHS-FWA System:
General Description of Services**

Contents

1. Introduction..... 1

This document describes general description of PHS-FWA services.

1. Introduction

PHS-FWA System provides various service, such as ordinary telephone service, coin-phone service, PBX service, digital mode high speed data service, ISDN service, limited mobile-phone service and so on.

The service specification that is described in C-SV1.00. Readers can read it when they want to know the detail of the PHS-FWA services.

Since PHS-FWA is focusing to ordinary telephone service, it is different from the PHSs for public use and the mobility functions such as handover and roaming are regarded as options in PHS-FWA.
